Timetable

Meeting	Date
Safer Maidstone Partnership	January 14 th 2019
CHE acting as the Crime and Disorder Overview and Scrutiny Panel	February 12 th 2019

1. INTRODUCTION AND BACKGROUND

1.1 The Safer Maidstone Partnership's (SMP) Strategic Assessment is a report published each year as a statutory process under Section 17 Crime and Disorder Act (Formulation and Implementation of Strategy) Regulations (2007). This requires Local Authorities in conjunction with key partners to produce a detailed crime and disorder audit. This identifies community safety issues, emerging trends and future priorities for the Partnership to focus on.

1.2 Under the Crime and Disorder (Overview and Scrutiny) Regulations 2009, every local authority is required to have in place a Crime and Disorder Committee with power to review and scrutinise, and make reports and recommendations, regarding the discharge by the responsible authorities of their crime and disorder functions; the Committee must also ensure:

- Crime and Disorder Committees must meet at least once a year;
- Responsible authorities or co-operating bodies (non-statutory CSP members) must provide such information requested by the Crime and Disorder Committee within the timescales identified in the request;
- Crime and Disorder Committees can request the attendance of a representative of a responsible authority or co-operating body in order to answer questions;
- Responsible authorities or co-operating bodies must respond to any recommendations made by the Crime and Disorder Committee within 28 days.

1.3 The strategic assessment takes information from a range of data sources from a range of partners, including: Kent Police; Maidstone Council; Kent County Council; Kent Fire & Rescue Service; National Probation Service; Kent, Surrey and Sussex Community Rehabilitation Company; Maidstone Residents Survey; Crime Survey of England and Wales; Youth Offending Team; Office of the Kent Police and Crime Commissioner; and other non-statutory partner agencies.

1.4 The current Community Safety Plan 2013-18 was a five year rolling document, which highlights how the SMP plans to tackle local community safety issues that are of the highest threat, risk and harm to the local community. We now need to develop a new plan which can be revised annually through reviewing information set out in the Strategic Assessment to ensure that current issues can be taken into account and used to direct the SMP's strategy.

1.5 Last year's Strategic Assessment raised the following priorities:

- Domestic Abuse
- Organised Crime Groups (including modern slavery)
- Gangs & Child Sexual Exploitation (CSE)
- Substance Misuse

- Mental Health

1.6 Following analysis of data from key partners and continuing to offer a joined focus with the Police and Crime Commissioner's Violence Reduction Challenge; based on the information in the Strategic Assessment, it is recommended that the Committee confirm the following:

- Domestic Abuse
- Organised Crime Groups (including modern slavery)
- Gangs & Child Sexual Exploitation (CSE)
- Substance Misuse
- Mental Health

1.7 It is further advised that Substance Misuse be challenged and explored through other priorities due to the wide-reaching nature of the associated issues, focus should be offered through Gangs & Child Sexual Exploitation due to the prevalence of drug use in young people. In conjunction with this early intervention and education will continue in order that proactive work targets those at risk of gang affiliation so as to reduce the risk of engagement in gang behaviour.

1.8 Mental Health as a priority is a cross cutting theme that can be seen to affect and bear influence on the other identified priorities. Throughout the year the Community Safety and Vulnerability Group will be used to monitor and action aspects of this priority.

1.9 Throughout the year Domestic Abuse priority will offer to intervene earlier and focus in conjunction with the Police and Crime Commissioner's Violence Reduction Challenge, in order that victims are supported earlier and as such avoid moving into the high-risk category. As a result of this the need to convene interventions such as MARACs and disruptive victim placements will reduce.

2. AVAILABLE OPTIONS

2.1 Option one: Do nothing (not recommended). This is not a recommended option as the data sourced from the Kent Safer Communities portal shows that some community safety trends have changed. Other emerging issues need to be tackled within the partnership and if not picked up by the SMP, this will potentially result in more victims of crime, especially amongst the most vulnerable of society.

2.2 Option two: Support the identified priorities for 2019-20 so they can be implemented and developed by the SMP (recommended). These priorities have been clearly evidenced and some also raised by other Community Safety Partnerships around the county. This assists with cross borough interventions and valuable information sharing around similar issues.

3. PREFERRED OPTION AND REASONS FOR RECOMMENDATIONS

3.1 Option two is recommended. Move forward with the acceptance and implementation of the listed priorities. These will be delivered under the umbrella of the Safer Maidstone Partnership. The annual Strategic Assessment and subsequent refresh of the Partnership Plan demonstrate that issues do change and even emerge between assessments. Often this is as a result of partnership working targeting specific issues or crime types. It also shows that keeping up to date with current issues allows partners to be at the forefront of innovation and try to keep within one step of the perpetrators of crime.

4 RISK

4.1 The Strategic Assessment and Community Safety Partnership Plan set out our priorities and how they will be delivered, informing the Council's risk registers and risk appetite. The Council has a corporate risk register which will highlight any actions from the documents.

5. CONSULTATION RESULTS AND PREVIOUS COMMITTEE FEEDBACK

5.1 The Strategic Assessment has been sent out to members of the SMP for consultation. These comments have been carefully considered and the reports updated accordingly in line with the desired direction of the majority of the partnership. The comments mainly related to specific wording within the documents and changes made to avoid confusion or misrepresentation of data. No further feedback was received in the two weeks following the SMP meeting.

6. NEXT STEPS: COMMUNICATION AND IMPLEMENTATION OF THE DECISION

6.1 Following final approval from Council and implementation of the decision, the Strategic Assessment will be disseminated to all partners for their information. The Partnership Plan which will be completed by the SMP and its actions will be fed through the priority subgroups. This year's Police & Crime Commissioner's community grant has to date not been announced. However, as and when this is done; it will then be advertised externally. Part of the criteria for bids is their alignment with the SMP and PCC's priorities and applications will normally need to be submitted, sifted and a report sent to the PCC's office for invoicing around March.
