➤ **The Gambling Act 2005**

The Gambling Act 2005 (“the Act”) reforms the law on all commercial gambling in the United Kingdom other than the National Lottery and spread betting.

Maidstone Borough Council is the licensing authority for Maidstone and surrounding rural area and licenses premises for gambling such as bookmakers, bingo halls and amusement centres as well as issuing various other gambling permits.

Unless otherwise stated any references in this document to “the Council” is to the Maidstone Borough Council as the licensing authority.

The Act in respect of UFEC gaming machine permits and prize gaming permits requires the licensing authority to have regard to relevant Gambling Commission guidance and states that it need not but may also consider the licensing objective.

The licensing objectives are:

- preventing gambling from being a source of crime and disorder, being associated with crime or disorder or being used to support crime;
- ensuring that gambling is conducted in a fair and open way; and
- protecting children and other vulnerable persons from being harmed or exploited by gambling.

2. **Purpose of this document**

This document has been prepared to assist persons considering making an application for either an unlicensed family entertainment centre (UFEC) gaming machine permit or a prize gaming permit under the Gambling Act 2005.

Maidstone Borough Council fully endorses the licensing objectives detailed above and expects all applicants to work in partnership to promote these objectives through clear and effective management of each gambling operation.

In respect of UFEC gaming machine permits it has been prepared in accordance with Paragraph 7 of Schedule 10 of the Act and in respect of prize gaming permits it has been prepared in accordance with paragraph 8 of Schedule 14 of the Act. The document should be read in conjunction with Maidstone Borough Council Statement of Licensing Principles – Gambling Act 2005.

The purpose of the document is to clarify measures that the Council will expect applicants to demonstrate when applying for either of these permits so the Council can determine the suitability of the applicant and the premises for a permit.

Within this process the Council will aim to grant the permit where the applicant is able to demonstrate that:

- they are a suitable person to hold the permit;
- they have considered and are proposing suitable measures to promote the licensing objectives; and
- they have a legal right to occupy the premises to which the permit is sought.

The measures suggested in this document should be read as guidance only and the Council will be happy for applicants to suggest measures above and beyond those listed in the document and or to substitute measures as appropriate.

3. **Unlicensed family entertainment centres**

The term 'unlicensed family entertainment centre' is one defined in the Act and refers to a premises which provides category D gaming machines together with various other amusements such as computer games and "penny-pushers."

The premises is 'unlicensed' in that it does not require a premises licence but does require a permit to be able to provide its category D gaming machines. It should not be confused with a 'licensed family entertainment centre' that does require a premises licence because it contains both category C and D gaming machines.

Unlicensed family entertainment centres (UFECs) will be most commonly located at seaside resorts, in airports and at motorway service centres, and will cater for families, including unaccompanied children and young persons. The Council will only grant a UFEC gaming machine permit where it is satisfied that the premises is intended to be used as a bonafide unlicensed family entertainment centre.

In line with the Act, while the Council cannot attach conditions to this type of permit, the Council can refuse applications if they are not satisfied that the issues raised in this "Statement of Principles" have been addressed through the application.

Applicants only need to address the "Statement of Principles" when making their initial applications and not at renewal time. (Permits are granted for a period of ten years).

4. **Prize gaming permits**

Section 288 defines gaming as prize gaming if the nature and size of the prize is not determined by the number of people playing or the amount paid for or raised by the gaming. The prizes will be determined by the operator before play commences. Prize gaming can often be seen at seaside resorts in amusement arcades where bingo is offered and the prizes are displayed.

A prize gaming permit is a permit issued by the Council to authorise the provision of facilities for gaming with prizes on specified premises.

- Applicants should be aware of the conditions in the Gambling Act 2005 s293 with which prize gaming permit holders must comply. The basis of the conditions in the Act are:-
- The limits on participation fees, as set out in regulations, must be complied with;
- All chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day – the game must be played and completed on the day the chances are allocated and the result of the game must be made public in the premises on the day that it is played;
- The prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if non-monetary prize); and
- Participation in the gaming must not entitle the player to take part in any other gambling.

In line with the Act, while the Council cannot attach conditions to this type of permit, the Council can refuse applications if they are not satisfied that the issues raised in this "Statement of Principles" have been addressed through the application.

Applicants only need to address the "Statement of Principles" when making their initial applications and not at renewal time. Permits are granted for a period of ten years.

6. **Child protection issues**

The Council will expect the applicant to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations.

The Council will assess these policies and procedures on their merits, and they should (depending on the particular permit being applied for) include appropriate measures/training for staff as regards the following:

- Maintain contact details for any local schools and or the education authority so that any truant children can be reported;
- Employ policies to address the problems associated with truant children who may attempt to gain access to the premises and gamble when they should be at school;
- Employ policies to address any problems that may arise during seasonal periods where children may frequent the premises in greater numbers, such as half terms and summer holidays;
- Maintain information at the premises of the term times of any local schools in the vicinity of the premises and also consider policies to ensure sufficient staffing levels during these times;
- Display posters displaying the 'Child Line' phone number in discreet locations on the premises, e.g. toilets;

- Maintain an incident register of any problems that arise on the premises related to children such as children gambling excessively, truant children, children being unruly or young unaccompanied children entering the premises. (The register should be used to detect any trends which require attention by the management of the premises);
- Ensure all young children are accompanied by a responsible adult;
- Maintain policies to deal with any young children who enter the premises unaccompanied;
- Enhanced criminal records check for all staff who will be working closely with children.

NB: Any supporting evidence of the above measures eg training manuals or other similar documents/written statements should be attached to the application.

7. **Protection of vulnerable persons**

The Council will expect the applicant to show that there are policies and procedures in place to protect vulnerable persons.

The Council will assess these policies and procedures on their merits, however, they may (depending on the particular permit being applied for) include appropriate measures/training for staff as regards the following:

- Display Gamcare helpline stickers on all gaming machines;
- Display Gamcare posters in prominent locations on the premises;
- training for staff members which focuses on building an employee's ability to maintain a sense of awareness of how much (eg how long) customers are gambling, as part of measures to detect persons who may be vulnerable;
- Consider appropriate positioning of ATM and change machines (including the display of Gamcare stickers on any such machines).

NB Any supporting evidence of the above measures eg training manuals or other similar documents/written statements should be attached to the application.

8. **Other miscellaneous issues**

The applicant should also be mindful of the following possible control measures (depending on the particular permit being applied for) to minimise crime and disorder and the possibility of public nuisance as follows:-

- Maintain an effective CCTV system to monitor the interior and exterior of the premises;
- Keep the exterior of the premises clean and tidy;
- Ensure that external lighting is suitably positioned and operated so as not to cause nuisance to neighbouring or adjoining premises;
- Consider the design and layout of the outside of the premises to deter the congregation of children and young persons.

NB Any supporting evidence of the above measures eg training manuals or other similar documents/written statements should be attached to the application.
